

JANUARY 2018

**GENERAL MEETING: JANUARY 8, 2017 - VINNY COLUCCI PRESENTS:  
*Photographing Mammals in the Wild and in Habitat***

Wildlife Photographer, Vinny Colucci, will present his techniques for photographing wildlife. Vinny’s approach both in the wild, as well as in habitat, will be discussed. He will share his camera settings and equipment techniques. He will also discuss how to use the histogram and proper white balance for capturing stunning photos of mammals. The use of polarizing filters and flash will also be discussed.

Vinny will share all of his techniques so that you will learn how to apply them to your photography.

Vinny is sponsored by several companies including Nikon, Singh-Ray filters, Mindshift /Think Tank and Wimberley.

**GENERAL MEETING: January 22**

**Jan 22, 2018**

**Dan Biferie - “From Analog to Digital”**

Dan Biferie presents “From Analog to Digital.” This presentation is based on his 40 year journey as a photographer and a photography teacher and will revolve around how technology has affected his creative work.

**About Dan:**

Dan Biferie is an active artist and has displayed his photographs in more than 150 different exhibitions nationally, including 20 one-person shows. His works have been widely published and are represented in major public collections including: the National Museum of American Art; New Orleans Museum of Art; the High Museum; Iris & B. Gerald Cantor Center for Visual Arts, Stanford University; and the Bibliothèque Nationale in Paris.

Dan is Chair of the School of Photography at Daytona State College, where he has taught for the past forty-one years, and a Senior Professor at the Southeast Center for Photographic Studies. Dan was founding director of the Southeast Museum of Photography (1978-1990), organizing more than 500 exhibitions, lectures, workshops and seminars during his twelve-year tenure. He has served on many state and national arts panels.

# MEMBER SPOTLIGHT: WAYNE BENNETT

Wayne Bennett is a dentist by profession (retired in 2014) and has been a professional photographer for the past 25 years, specializing in the area of nature photography.

The Great American Photography Weekends (GAPW), Bill Fortney in particular, was the spark that ignited his turnaround in photography. He enjoyed an association of about 15 years with GAPW and has had the opportunity to learn from and teach with the best of the best in nature photography, including, John Shaw, Rod Planck, Pat O'Hara, Art Wolfe, Bryan Peterson and of course Bill Fortney.

After GAPW, Wayne taught photography at Disney Institute in Orlando, FL. He has/continues to shoot stock for Sharpshooters, Corbis and Alamy Agencies and has been published in a number of publications, including Outdoor Photographer.

He continues to teach photography through seminar and workshops. Aside from making presentations at the Orlando Camera Club, he has made presentations at camera clubs in Ormond Beach, Vero Beach and Melbourne.

Wayne started **WMB Productions**, a company, which brings the biggest names in photography to the Orlando area for seminars and workshops. He has had photographers such as Bill Fortney, Adam Jones, Bryan Peterson, Rick Sammon, Tony Sweet, RC Concepcion (from NAPP), Tim Grey, Bob Krist and Rob Sheppard (editor of Outdoor Photographer magazine).

Wayne has travelled extensively in the United States and around the world. He has photographed on all continents except Antarctica.

Wayne is proud to be a charter member of NANPA (North American Nature Photographers Association) and the Orlando Camera Club. He was the second President of the OCC.

The OCC's image of the year (in its annual competition) is named after Wayne, **The Wayne Bennett Award**.

Wayne has recently had a specialty filter from Singh-Ray Filters named after him, the **Singh-Ray Wayne Bennett Smoky Vision Polarizer**. Singh-Ray makes the finest photographic filters in the world. In 2008, nine members of

the Orlando Camera club, including Wayne, submitted a portfolio of 20 images (selected from over 350 submitted) to the Natures Best Magazine Windland Smith Rice International Photo Competition and won! There were 85 camera clubs worldwide that submitted portfolios to the competition. A composite of 9 of the images was hanging in the Smithsonian Museum of Natural History in Washington, DC until May, 2009.

Wayne had an image selected as Highly Honored in the 2009 Natures Best Contest. That image was displayed at the Smithsonian until May, 2010.

A new product and the brainchild of Wayne and good friend Ken Blye is the PUFFIN PAD. The Puffin Pad has just been introduced to the photo marketplace. It is a lightweight alternative to the bean bag.

# SHOOT-OUT- January

## Shootout: Circle B Bar Reserve & Florida Polytechnic

Saturday, January 13, 2018 at 6:50 AM - 12 PM

Join me for a Shootout in the Lakeland, FL area. We'll start first with SUNRISE at the Florida Polytechnic University at the intersection of I-4 and Polk Parkway.

Join me for a Shootout in the Lakeland, FL area. We'll start first with SUNRISE at the Florida Polytechnic University at the intersection of I-4 and Polk Parkway. Meeting time is 6:50am. Sunrise at 7:20am. We will photograph the Science and Technology Building designed by Santiago Calatrava which has been designated by architects as one of the World's "16 most breathtaking buildings!" Some of the best sunrise shots come BEFORE the sun breaks the horizon so give yourself plenty of time to set up and bring your tripod.

Florida Polytechnic University  
4700 Research Way  
Lakeland, FL 33805-8531

After sunrise, we will journey on to Circle B Bar Reserve, south of Lakeland, for a nature hike along levees surrounding woodlands, marsh and ponds. Prepare to photograph landscape, nature, wildlife and travel as light as possible as these are walking trails only.

Sitting along Lake Hancock between Lakeland and Auburndale, Circle B Bar Reserve encompasses more than 1,200 acres being successfully restored to its original wetlands habitats feeding the Peace River basin. An extensive network of trails with an outer circuit of nearly 6 miles is atop the levees through the vibrant wetlands.

### ORLANDO WETLANDS FESTIVAL

Come and enjoy the Orlando Wetlands Festival on Saturday, February 17, 2018, from 9am-3pm at Fort Christmas Historical Park. The Orlando Wetlands Festival highlights the Orlando Wetlands Park, the City's 1,650 acre water reclamation wetland. The event is sponsored by: City of Orlando, Orange Audubon Society and Orange County Parks and Recreation.

On February 17, 2018, experience this unique wetland treatment system with the entire family. Event co-sponsor, Orange Audubon Society, will lead guided bird-watching excursions. The Friends of the Orlando Wetlands will lead wetland exploration hikes and the Florida Native Plant Society will lead native plant identification hikes. Bring your camera and join guided photo hikes led by professional photographers. For those who like to sit and ride, guided bus tours will travel along the wetland berms, giving riders a chance to experience firsthand, Florida's wild wetlands.

There will be interactive children's activities, bounce houses, hay rides and much more! So bring the whole family and invite your friends and neighbors to this fun, free educational festival. Please leave your pets at home; there are wild animals. Food will be available for purchase. Free admission and free door prizes! For more information: call Orlando Wetlands Park 407-568-1706.

Our friends at Think Tank Photo have just released an expanded version of one of their most popular rolling camera bags. By complying with carry-on size requirements, with the new Airport Advantage Plus roller you can keep your most valuable gear safe and near you when you fly. Plus, the roller's ultra-lightweight design at 6.9 lbs. (3.1 kg) helps meet weight restrictions, yet features the same level of protection for which Think Tank is known. Its dedicated laptop pocket fits up to a 17" laptop in a padded sleeve, a 10" tablet, or an Eagle Creek Medium Clothing Folder for overnight trips. By using my special link, you will receive free gear and free shipping not only when you order this new roller, but any Think Tank gear.

Here is the URL to point to. Be sure to use the entire URL as it includes the special code number that will trigger the free gift/free shipping rewards your followers will receive with their orders and alert us to send you a percentage of the sale in your next commission check, which will be in January. Here's the URL: <https://www.thinktankphoto.com/collections/airport-series/products/airport-advantage-plus?rfsn=140504.1cb666>

### The Airport Advantage™ Plus Rolling Camera Bag Maximizes Camera Gear for International Flights

Think Tank Photo's new Airport Advantage Plus rolling camera bag is specifically designed for traveling photographers. By complying with international carry-on requirements, photographers can keep their most valuable gear safe and near them when they fly. The roller's ultra-lightweight design at 6.9 lbs. (3.1 kg) helps meet weight restrictions, yet features the same level of protection for which Think Tank is known. Its dedicated laptop pocket fits up to a 17" laptop in a padded sleeve, a 10" tablet, or an Eagle Creek Medium Clothing Folder for overnight trips.

The Airport Advantage Plus holds one gripped DSLR with lens attached, one ungripped DSLR with lens attached, plus five to eight additional lenses, and a 17" laptop. Or, it can hold two gripped DSLRs with lenses detached, plus five to seven lenses. For Mirrorless users, the roller can fit two bodies with a crazy amount of lenses. It can hold up to a 200-400 f/4 detached (hood reversed) lens.

"Traveling photographers are finding it increasingly difficult to keep their most valuable and fragile gear—their bodies, lenses, and laptops—near them and safe from rough baggage handling," said Doug Murdoch, Think Tank Photo's CEO and lead designer. "The new Airport Advantage Plus was designed with not only this in mind, but with the more restrictive size and weight requirements that go with international travel."

# CAMERA ACADEMY

CAMERA BASICS • EXPOSURE TRIANGLE • PHOTOGRAPHIC COMPOSITION

## ► Camera Academy – Camera Basics

January 22, 2018 @ 5:00 pm - 6:15 pm

Camera Basics - Matt Klinger

Camera Basics (or Know Your Camera) will cover a variety of basic camera settings and operations including mode selections, ISO, focusing, exposure compensation, metering, white balance, memory cards, and more. We'll also cover basic camera and lens maintenance/care, sensor cleaning and other items related to getting the best performance out of everyone's cameras.

Participants are encouraged to bring their cameras with them to this session.

## ► Camera Academy – Exposure Triangle

February 12, 2018 @ 5:00 pm - 6:15 pm

Exposure Triangle

The Exposure Triangle Demystified by Wayne Bennett

The Exposure Triangle is the governing force that affects all photography, whether you are shooting in manual or letting the camera do the work, the rules of the triangle govern how your image turns out.

Once you learn these rules, you will never be in the dark again!

## ► Camera Academy – Photographic Composition

February 26, 2018 @ 5:00 pm - 6:15 pm

Composition

Photographic Composition – Jeffri Moore

Photographic Composition is a large collection of rules, or suggestions, depending on your point of view.

Rule of Thirds, Balancing Elements, Leading Lines, Symmetry and Patterns, Viewpoint, Background, Depth, Framing, Cropping and Experimentation to name just the top 10!

Come see Jeffri and get a handle on this complex topic.

***“Ask the Experts” before our Meetings  
Come for Critiques and Lightroom Tips!***

Would you like to get your favorite image critiqued? Or perhaps you want to know how to compose a better image.....now you can “Ask the Experts”! All you have to do is bring your images and your own device to view them on and our Experts will be happy to sit down with you and share a critique and answer your questions. Our membership desk will direct you to Wayne Bennett, Julie Lee and Christian Mildh, who have all volunteered to help.

If it's Lightroom Advice you seek, our IT expert, Pat Husband, can answer your questions. Bring your computer with your images and let Pat help you navigate Lightroom. Want to learn something new, Pat will point you in the right direction.

Our Experts will be available at 5:45 and are looking forward to meeting you!
