*"Creative Composition: It's Not What You Photograph, It's How
You Photograph!"*

Presented by: Jennifer King

Note: This is a live Zoom presentation

A photo subject can be the same, yet captured in so many different ways. What makes one photograph stand out above the others? It is simple, a great composition. Understanding how our vision responds to an image is the first step to achieving success.

From the basics of line, color, and form to the use of more advanced techniques, we will explore and discuss different artistic approaches used to create better photos and help you become a better photographer.

Creativity spreads... come and catch it!

July 9th Field Trip Joe Overstreet Sunrise & Wildlife Sunrise 6:48 am

When: Saturday, July 9, 2022 - Sunrise: 6:48 A.M.

Where: En route to Joe Overstreet Landing - Exact meeting place TBD

Our President, Pat Husband, has graciously agreed to lead this field trip! Pat is very familiar with this area and knows the best places to shoot the sunrise.

We will have to pull off the side of the road, but be careful not to pull off too far because of the ditch. Because of this, my thought is that we meet at a designated location [TBD], and caravan down. Keep an eye out for further details.

After the sunrise, we will continue on to Joe Overstreet Landing where you will be able to shoot landscapes and wildlife.

Please RSVP to: fieldtrips@orlandocameraclub.com

Thanks so much, hope to see you there!

2023 Historic Preservation Calendar Theme

The 2023 Historic Preservation Board calendar and photography competition will focus on Orlando's Park Lake/Highland neighborhood.

The Park Lake/Highland area comprises more than one historical subdivision with the majority of plats filed in the 1910s by County Surveyor and City Engineer Samuel Robinson. Original homeowners included Orlando's early businessmen who engaged prominent local architects to design their dwellings. A variety of styles reflecting architectural trends from the early- to mid-twentieth century are represented in the district including Bungalow, Colonial Revival, Contemporary, Craftsman, Dutch Colonial Revival, French Eclectic, Italian Renaissance Revival, Mediterranean Revival, Minimal Traditional, Mission, Monterey, Neoclassical Revival, Prairie, Ranch, and Tudor Revival.

The Park Lake/Highland Neighborhood is bordered by Virginia Drive to the north, Mills Avenue to the east, Colonial Drive to the south and Highland Avenue to the west. Please see the map for exact boundaries.

Submission subjects can be of individual details or an entire structure. Exterior or interior images of the subject will be accepted.

To be eligible for the calendar, subject matter should be from structures that are at least 50 years old (generally, pre-1970) and be located within the Park Lake/Highland neighborhood.
