Photographing Birds
Speaker: Roman Kurywczak**

Photographing Birds – from portraits to flight

This instructional program represents a fundamental change in the approach today's bird photographers should take when planning a bird photo shoot, especially when it comes to birds in flight! Come join professional nature photographer Roman Kurywczak, as he covers everything from gear, to settings, and techniques, while also providing insight on some of the most common mistakes photographers make in this exciting field.

Questions are encouraged and answered throughout the presentation so that those attending gain a clear understanding of the principles of bird photography.

Roman Kurywczak is a professional nature photographer for over 18 years who conducts lectures and workshops across the globe. His boutique tour company, Roamin' with Roman Photo Tours, caters to small groups (only 4 US) to provide the ultimate learning experience for participants. Whether he is out in Tanzania or standing before a roaring waterfall in Iceland, Roman's energy and passion for nature photography are clearly evident. You can often find him out in Arches or Yellowstone national park late at night photographing the nighttime landscapes and calling it fun! Closer to home, Roman will spend countless hours

doing macro photography. While he enjoys photographing insects, his favorite subject is flowers, which he buys for his wife and he is sticking to that story. Roman is equally comfortable photographing landscapes, macro subjects, and wildlife whether he is at some exotic location or close to home.

His down to earth and easy to follow teaching style make him a highly sought after lecturer. He has given countless lectures and workshops across the country. The author of several instructional eBooks on nature photography, Roman strives to share his passion for photography as others have shared with him. After 56 years as a New Jersey resident, just 13 miles out-side New York City, Roman and his wife (Pura) of 31 years have recently relocated to SW Florida.

You can find his galleries, blog, tour schedule, eBooks and more on his website: www.roaminwithroman.com or follow him on the Facebook group at: Roamin' with Roman Photo Tours or on Instagram: @roaminwithromanphoto

Message from the President
Deborah Seaman

Hello and welcome to the Orlando Camera Club web site. We are a family of photographers, ranging from professionals, hobbyist, to beginners.

I say we are a family because we support each other, teach each other, and care about all of the members in the group. Our main goal is to further our photography skills and join other members in friendship and creativity. Here at OCC we love the art of photography. I know we all miss the camaraderie of pre-covid times, that is why I would like to invite everyone to take a look at the club's new activities.

We have been meeting during the pandemic on zoom and now hold in-person and zoom meetings. Consequently, the club has been able to present guest speakers from around the country, such as, ICM and landscape photographer, Stephanie Johnson, lighting expert and bird photographer, Christopher Smith, and infrared photographer, Laurie Klein. It's great to learn from the best and with Zoom presentations we can achieve that.

We have formed special interest groups to act as mini clubs within the membership which focus on landscape, nature, abstract and people photography. These groups have their own shoot-outs, as well as, joining the main membership on field trips and all the other activities of the club. We recently went to the Gypsy Horse Farm in Ocala and the Polytechnic University in Lakeland. We also stay local and have visited downtown Winter Garden and Sanford, in addition to, the Sea Life Orlando Aquarium, and Leu Gardens.

Competitions are another important feature of OCC. We have been able to attract experienced, qualified judges to critique our work during the six themed competitions that are held each year. There is also a year end judging. This is a great way to share the members' work and learn from friendly contests. Informal challenges are held each month which are voted on by the general membership. This is a wonderful chance to receive casual feedback on themed photos.

I have many more exciting ideas for the club which will be announced soon. Those ideas include workshops, themed shootouts, and more volunteer opportunities. Our biggest asset is our membership, these are the people who make the Orlando Camera Club what it is. I would like to thank you all for stepping up and offering your ideas and knowledge. Your support, dedication, and love of photography makes us a family.

There's so much more I could tell you about OCC but I don't have the space in this format. What I can tell you is that I have made great friends and memories here. I have grown as a photographer and a person. If you are trying to find an outlet for your photography I'd love to have you in our group. I encourage you to browse the OCC website and Facebook page, talk to a member or contact me so you can experience the OCC family yourself. For our members, I look forward to working with you all and making it a great year.

Happy and creative photos everyone,

Deborah Seaman - Orlando Camera Club President

RETROSPECTIVE TRAVEL SERIES

RETROSPECTIVE TRAVEL SERIES

The Retrospective Travel Collection features a timeless look that is reminiscent of an age when natural cotton fiber offered the softest fabric with the most durability.

Our proprietary stone-wash/tumble-dry technique produces a crackle effect, like a stone's surface, that is unique to each bag. Plus, a tartan fabric liner highlights the elegance of this heritage series. All materials are treated with a water-repellant coating to protect against moisture and wet weather. And with Think Tank's reputation for design and build quality, the Retrospective Travel Collection will stand the test of time.

2022 DreamFlight

This is a very special Thank you to some very special people who helped make a dream come true for 192 Children from the UK. **Christine Otu, Tish Hart, Susan Pierce, Paula Ritchie, Rita Ritner, Mary Wood, Carol Winardi and Christopher Winardi** put in countless hours over the course of 10 days culling over 10,000 photos so the children could have a usb drive with trip photos to share with their family and friends immediately on their return home. It was an amazing experience as always and so rewarding for all involved.

2022 Children’s Safety Village Trunk or Treat

Thank you **Cyril Desmond** for the great job you did with taking photos for the Children’s Safety Village Trunk or Treat Event.

2022 Bubbles and Black Jack

Thank you **Chris Harris** for joining me at Bubbles and Blackjack to take photos for Ronald McDonald House. It was a huge success and a lot of fun.

2022 Ride 4 Ronald

Thank you **Terri Watkins, Chris Harris and Majonka Herlikofer** for joining me on a beautiful Sunday to take photos for the Ride 4 Ronald event at Lake Nona. It was a great day to be outdoors and it was for a great cause.
